## About the Conference

The conference, **Integrating AI into Curriculum: NEP 2020's Vision for Future Skills**, will explore how artificial intelligence can transform education in alignment with the National Education Policy 2020. Experts and educators will discuss practical methods for integrating AI from primary to higher education, with a focus on personalised and inclusive learning. The event will cover best practices curriculum models and the ethical use of AI to meet the evolving needs of students and teachers. Highlighting India's commitment to future-ready skills, the conference aims to equip educators with the knowledge and tools to foster innovation, equity and effective classroom implementation of NEP 2020's vision. This event also offers a chance to conduct oral presentation.

### About the Govt. Degree College for Women, Kathua, J&K

The Government Degree College for Women, established in 2005 by the Government of Jammu and Kashmir, initially offered programmes in the Arts discipline. During the 2010-11 academic year, the college introduced the Science stream. Recognised by the UGC under sections 2(f) and 12(B), the college achieved a B+ grade accreditation from NAAC in 2022. The campus, covering approximately 60 Kanals, comprises Administrative, Academic and Library Blocks, along with contemporary laboratories. The institution provides a comprehensive range of facilities, including ICT-enabled classrooms, a multipurpose hall, an open-air theatre, a browsing centre, a computer lab with internet access, sports amenities and fully equipped science laboratories. The college implemented the National Education Policy 2020, introducing interdisciplinary courses and broadening its academic offerings.
