REPORT
GDCW Kathua Organizes Book Donation Drive under Seva Parv

Kathua, September 2026: Government Degree College for Women (GDCW), Kathua, in collaboration with the College Library and the NCC Unit, organized a Book Donation Drive under the initiative of Seva Parv to promote the spirit of sharing, social responsibility and the joy of reading among students.

The initiative aimed to encourage faculty members and staff to donate textbooks, reference books, competitive examination books and other useful academic materials for the benefit of needy students. The drive sought to make essential learning resources accessible to students from economically weaker backgrounds and support their academic growth.

Principal Dr. Jaipal Singh appreciated the initiative and emphasized that books are among the most valuable resources for empowering students through education. He observed that donating books is a meaningful act of service that enables knowledge to reach those who need it most. He further encouraged faculty members and staff to actively participate in such noble initiatives, stating that sharing educational resources promotes equality of opportunity, develops a culture of reading and strengthens the spirit of community service among students.

The college appealed to faculty members and staff to contribute books in good condition, including textbooks, reference books, competitive examination materials and other useful academic resources. The initiative highlighted the importance of making knowledge accessible to all and fostering a culture of mutual support within the academic community.

The activity was conducted under the supervision of Dr. Sonika Jasrotia, NCC (CTO), while the donated books were received by Mr. Saurabh Dutta, Librarian, GDCW Kathua, from 28th September 2026 to 2nd October 2026.

The Book Donation Drive reflects the institution's commitment to educational inclusivity, community service and the promotion of reading habits. Through this initiative, the college seeks to inspire students and staff to contribute towards building a supportive learning environment where knowledge is shared and every student gets an opportunity to learn and grow.

The initiative conveys the message that "A book donated is a future empowered."
